BEST LIP PLUMPER

DiorKiss, $31, "immediately smoothes out the lines on your lips and keeps lines at bay even after half an hour. Lips are also plumped up and feel comfortable without any tingling sensation," observe Dr Wong and Wee Ping.

BEST NUTRITIVE

Cosme Decorte AQ Pure Grace Lipstick, $97, wins for its light texture that's packed with nutrients. It amazingly keeps lips flake-free, even in dry climates.

BEST GLOSS PACKAGING

Yves Saint Laurent Lip Twins, $39, is the hot favourite of TG, Sally and Wee Ping, as you will find three lip shades or effects in just one slick compact. For one so small and compact, it already contains a mirror, a lip brush and three colour effects. The case is so elegant, you can hold it up discreetly while touching up your lipstick.

MOST LIGHTWEIGHT

Kanebo Lunasol Intellectual Lips, $46, is so light in texture, Dr Wong says she can hardly feel it on her lips.
